Chester Square, Belgravia

CLIENT

Private Client

LOCAL AUTHORITY

Westminster City Council

SCHEME DESCRIPTION

Alterations and extension to Listed Building and redevelopment of related mews

SERVICES

Listed Building and Conservation Area Consents

CASE STUDIES

Residential

Providing effective town planning support for sensitive additions to a Listed Building and redevelopment of its mews.

We advised on external alterations to this Belgravia home including justifying a full height rear extension to enclose a new lift. We also advised on the rebuilding and incorporation of the rear mews building into the main dwelling house. This also involved advising on its new basement. Planning permission and Listed Building consent were granted following an effective debate with officers.
